

DK

DK812A/B Series

High accuracy, rugged gauges.
Suitable for installation on machines.

- Measuring range: 12 mm ● Accuracy: 1 µm, 1.5 µm ● Resolution: 0.1 µm, 0.5 µm
- Max. response speed: 80m/min (Resolution: 0.1 µm)
250m/min (Resolution: 0.5 µm)
- Built-in reference point ● Excellent resistance to workshop conditions.
- Robust design for harsh environments.

Specifications DK812 Series

Model	High-resolution models		General-purpose resolution models			
	DK812AR, DK812ALR, DK812AFR, DK812AFLR, DK812AVR	DK812BR, DK812BLR, DK812BFR, DK812BFLR, DK812BVR	DK812AR5, DK812ALR5, DK812AFR5, DK812AFLR5, DK812AVR5	DK812BR5, DK812BLR5, DK812BFR5, DK812BFLR5, DK812BVR5		
Output	A/B/Z phase voltage-differential line driver output (compliant with EIA-422)					
Signal pitch	40 µm					
Resolution	0.1 µm		0.5 µm			
Measuring range	12 mm (0.47")					
"Accuracy (at 20°C / 68°F)"	1 µm		1.5 µm			
Measuring force (at 20°C / 68°F)	Downward: 0.6 ± 0.3 N Horizontal: 0.5 ± 0.3 N Upward: 0.4 ± 0.3 N		Air pressure of 0.03Mpa : 1N or less in all directions Air pressure of 0.04Mpa : 1.7N or less in all directions			
Reference point	One location (at 1 mm/0.04" position of spindle movement)					
Maximum response speed	80 m/min	42 m/min	250 m/min	100 m/min		
Air driving	Vacuum suction (DK812AFLR / DK812AFLR5 / DK812BFLR / DK812BFLR5) Pneumatic push type (DK812AVR / DK812AVR5 / DK812BVR / DK812BVR5)					
Vibration resistance (10 to 2000 Hz)	100m/s ²					
Impact resistance (11 ms)	1000m/s ²					
Protective structure	IP66 (not including interpolation box and connectors)					
Operating temperature	0°C to 50°C/32°F to 122°F					
Storage temperature	-20°C to 60°C/-4°F to 140°F					
Power supply voltage	DC +5 V ±5%					
Power consumption	1 W					
Cable length ²	2.5 m/8.2'					
Diameter of stem	φ9.5 ^{0.009} / 0.37 ^{0.0004} dia., φ"8 / 0.31" dia. (Pneumatic push type)					
Mass ¹	Approx. 30 g/1.06 oz					
Feeler	Provided with a carbide ball tip (DZ-123) Mount screw M2.5		Provided with a steel ball tip Mount screw M2.5			
Accessories	+P M4x5 screw (2pcs.), Installation spacer, Instruction Manual, Supplement					
"Output cable length(up to the electronic section)*	22 m/72.2' max.					

¹ : Please refer to P10 DK 802 A/B about the extension cable (Option).

² : The mass indicated is the total mass excluding the cable and interpolation box.
